EXHIBIT A

OPERATING MILLAGE RENEWAL PROPOSAL

This proposal, if approved by the electors, will allow the Center Line Public Schools to continue to levy the number of operating mills required for the School District to receive revenues at the full per pupil foundation allowance permitted by the State of Michigan.

Shall the limitation on the total amount of taxes which may be assessed against all property, except principal residence and other property exempted by law, situated within the Center Line Public Schools, County of Macomb, State of Michigan, be increased as provided in the Michigan Constitution, in the amount of 18 mills (\$18.00 on each \$1,000 of taxable valuation) and against all principal residences and other property not exempted by law, by 16.5354 mills (\$16.54 on each \$1,000 of taxable valuation), both millages to be for a period of ten (10) years, from July 1, 2014 through June 30, 2024, inclusive, with the above 18 mills and the above 16.5354 mills being a renewal of millage which would otherwise expire on June 30, 2014? These millages if approved and levied, would provide estimated revenues to the School District of Seven Million Three Hundred Thousand (\$7,300,000) Dollars during the 2014 calendar year, to be used for general operating purposes.

EXHIBIT "A"

BONDING PROPOSAL

Shall Richmond Community Schools, Macomb and St. Clair Counties, Michigan, borrow the sum of not to exceed Twelve Million Nine Hundred Thousand Dollars (\$12,900,000) and issue its general obligation unlimited tax bonds therefor, in one or more series, for the purpose of:

acquiring, installing and equipping instructional technology; erecting, furnishing and equipping an addition to the high school for science classrooms; remodeling, furnishing and refurnishing, equipping and re-equipping school facilities; purchasing school buses; constructing, equipping, developing and improving playgrounds and a new running track; and developing and improving sites?

The following is for informational purposes only:

The estimated millage that will be levied for the proposed bonds in 2013, under current law, is 2.20 mills (\$2.20 on each \$1,000 of taxable valuation). The maximum number of years the bonds may be outstanding, exclusive of any refunding, is fourteen (14) years. The estimated simple average annual millage anticipated to be required to retire this bond debt is 3.09 mills (\$3.09 on each \$1,000 of taxable valuation).

The school district currently has \$9,810,000 of qualified bonds outstanding and \$-0- qualified loans currently outstanding under the State School Bond Qualification and Loan Program. The school district does not expect to obtain loans from the program to repay these bonds. The estimated computed millage rate may change based on changes in certain circumstances.

(Pursuant to State law, expenditure of bond proceeds must be audited, and the proceeds cannot be used for repair or maintenance costs, teacher, administrator or employee salaries, or other operating expenses.)
